Profile

I am a Javascript developer with excellent problem solving skills and creative reasoning. I learn quickly, and do quality work.

Experience

BUILDING SOMEDAY, ALGORITHMACHINE, AND BOOKBOX – MARCH 2019

Three mobile applications written with Framework7. Someday is an app for prioritizing one-off purchases, a C.R.U.D application. AlgorithMachine showcases a number of algorithms as well as my understanding of functional programming. Bookbox is a mobile children's book reader where I gained experience working with the swiper API.

DIGITAL WEB ASSISTANT, WILMETTE INSTITUTE – FEB 2019-PRESENT

The Wilmette Institute was founded in 1995 to provide basic and advanced courses on the Bahá'í Faith. I am responsible for setting up online classes, maintaining registration, and learning any new task required. I recently deployed an automated system using nodejs, puppeteer, pdfkit and nodemailer to automate their process of awarding certificates.

ENGLISH TEACHER, QKIDS – 2017-2018

Online English Teacher for Chinese students ages 5-12.

COMMUNITY BUILDER, SOUTH EAST REGIONAL TRAINING INSTITUTE – 2010-2017

The SERTI of the Baha'is of the United States seeks to build communities, through fostering the capacity of individuals to address their own material and spiritual development. I served full time for 8 years in various capacities including: Program Coordinator (covering three county region), Tutor, Animator, Children's Class Teacher, and Expansion and Consolidation Coordinator.

Education

Williamsburg Tech, Kingstree, Sc – Associates, 2013

freeCodeCamp, www.freecodecamp.org – Responsive Web Design Cert, JavaScript Algorithms and Data Structures Cert, 2019

Skills

Communication. Javascript, CSS, HTML. Nodejs, puppeteer. Reading understanding, and implementing documentation. Learning quickly.
